

October 2011 Karavan

Central States was an awesome time in Overland Park, Kansas. It was great to see the Nobles of El Kahir Shrine enjoying themselves and interacting with Nobles from the other shrine centers. If anyone knows how Rod received that injury on his leg, we would all love to hear the real story, or we will just continue making up our own.

Congratulations to the Kruzers, Revvin Fezzz and Oriental Band on their successful competitions. 13 bikes lined up all shiny, looking like they came off a showroom floor. It was a beautiful site. Linc has a story about water spots and bugs on the windshield. I didn't see any.

If you did not attend the High Priest and Prophet and Oriental Guide Iowa vs. Iowa State party you missed a great time. For future reference if Todd is involved in a party, there will always be plenty of food. There was lots of fun to be had, but I'm guessing Rod may have had the last laugh.

2012 CSSA will be in CEDAR RAPIDS, IA, August 8th through the 11th next year. Our success is in our control. The committee is making great strides in planning for this event. To help from putting pressure on the general fund we are going to include a CSSA registration form with the dues notice - \$20.00 per person for registration and \$5.00 to help offset costs of the El Kahir Hospitality room. I want to thank all of the Nobles and Ladies in getting CSSA started on the right foot.

Remember to get your gun raffle tickets and plan to attend the event on 10-22-2011. Early bird sales are due by October 7th. Remember every conversation is an opportunity to spread the word about the greatest philanthropy in the world.
